

Amendments to the Specification

1. On page 19, after line 20, add the following paragraph:

Fig. 26 is a schematic diagram showing how the engine can be coupled to the transmission and connected to the vehicle driving wheels.

2. On page 19, line 22 replace the original subtitle:

Figs.1 to 3

with a new subtitle:

Figs. 1 to 3 and 26

3. On page 25, after line 23, insert the following paragraph:

Engine 10 is installed in a vehicle and is coupled to at least one of its wheels for its propulsion and braking. Fig. 26 is a schematic diagram showing an example of how the engine can be coupled to the transmission and connected to the vehicle driving wheels. Engine 10 is mounted in a vehicle 2010. Engine crankshaft 66 is coupled to transmission input shaft 119, which drives the gears inside transmission 116. Transmission output shaft 120 is mechanically connected to vehicle driving wheels 2026 and 2028.
